ATLANTIC PLYWOOD CORPORATION SIGNS ON AS DISTRIBUTOR OF NEXABOND 2500 INSTANT WOOD ADHESIVE

CINCINNATI, OH, May 15, 2013 - Bioformix, Inc., the manufacturer of Nexabond™ 2500 Instant Wood Adhesive, has announced its newest distributor relationship with Atlantic Plywood Corporation, a leading wholesale supplier of hardwood plywood and panel products on the East Coast. Atlantic Plywood will offer the revolutionary Nexabond product to its cabinetry and millwork customers located throughout New England.

Introduced in 2012, Nexabond 2500 Instant Wood Adhesives address many of the drawbacks of conventional, water-based carpentry glues. Because they're water and solvent-free, Nexabond products don't require long drying, curing and assembly times. They achieve high strength in minutes, while providing plenty of flexibility in set-up. They also accept most stains and finishes, reducing sanding time and expense, and they work with all wood species and in the most extreme production environments.

"Atlantic Plywood has a rich history of offering high quality materials to customers throughout the East Coast and we are very happy to welcome them into the Bioformix family," said Bioformix founder, president and CEO, Adam Malofsky. "We are extremely excited to be supplying them with our Nexabond 2500 Instant Wood Adhesive."

"Expanding our product line-up to include an industry leader like Bioformix reinforces our goal of providing our customers with the most innovative products and premier brands," said Marty Wojick, Vice President of Atlantic Plywood. "We are confident our customers will be impressed with the dramatic results offered by a ground-breaking product like Nexabond Adhesive."

Atlantic Plywood will carry all sizes of Nexabond 2500 Instant Wood Adhesive at their 11 locations throughout New England.

About ATLANTIC PLYWOOD

Founded in 1974, Atlantic Plywood Corporation is the leading wholesale supplier of quality hardwood plywood and panel products on the East Coast. Atlantic Plywood provides an unparalleled selection of plywood, surfacing, finishing, and hardware products to a variety of woodworking industries including proprietary products such as Versawall, Redilam and Atlantic Beadboard. Atlantic strives to provide large and small woodworkers with service, inventory, and knowledge from one source at a competitive price. Atlantic Plywood is dedicated to expanding the selection and services while utilizing the latest technologies to deliver the best in customer service.
